DUCTLESS CONVENIENCE

Our innovative recirculation units eliminate the need for external ducting, offering easy installation and flexibility for any location, including challenging spaces.

VERSATILE FOR ALL COMMERCIAL ENVIRONMENTS

These units are perfect over electrical appliances, ensuring top-notch ventilation in airports, stadiums, and more.

ADVANCED MULTI-STAGE FILTRATION

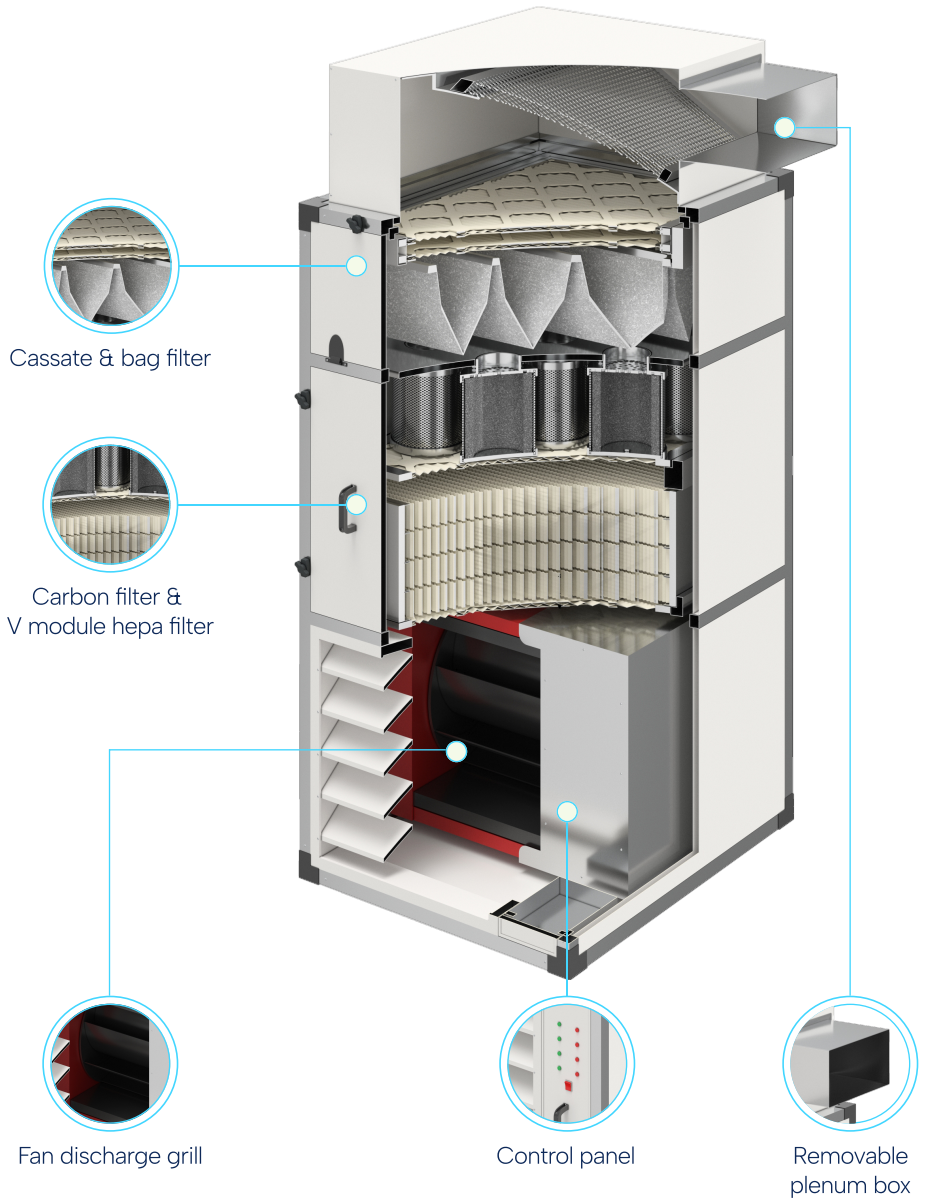

Our units feature a sophisticated filtration system, removing grease, smoke, and odors, and enhancing fire safety, efficiency, and sustainability.

CUSTOMIZABLE FOR EVERY KITCHEN DESIGN

Available in various sizes, our units can be tailored to any kitchen layout, including bespoke sizes for island canopies, ensuring a perfect fit for your specific needs.

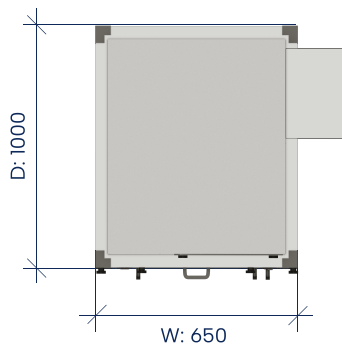

POWERFUL AND EFFICIENT AIR FILTRATION

Equipped with high-performance fan motors, our units provide exceptional air filtration, suitable for the demands of any busy commercial kitchen. Elevate your kitchen with our efficient, adaptable, and user-friendly recirculation units.
